## Push Attempt To Complete New Cabinet In French Crisis

### Blum Attempts Task Of Forming French Cabinet

Will Try To Pull France Out Of Her Financial Crisis Now

#### CHAUTEMPS AND CABINET QUIT

New Government Will Contain No Communists. It Is Predicted

By KENNETH T. DOWNS  
International News Service Staff

PARIS, March 10.—Leon Blum, whose Socialist party brought about the collapse of the government of Camille Chautemps, today accepted the task of forming a cabinet and trying to pull France out of her financial crisis.

With the fragile financial switch to new hands, Chautemps and his "popular front" coalition resigned this morning, when the Socialists refused to vote him emergency financial powers.

Blum takes up task of forming a cabinet, which will be a stable, durable, powerful government capable of rallying all the forces of democracy.

"I shall strive to constitute a government which the circumstances necessitate—which will be a stable, durable, powerful government capable of rallying all the forces of democracy."

Communists Quit  
First he summoned Jules Moinaux, president of the left Democratic group and a former minister. Edouard Herriot, head of the strong radical Socialist party, who had first been considered for the premiership today, then talked with Blum. They were followed by Chautemps and Edouard Daladier, also a former premier, who is now charged with the task of coordinating French efforts.

Like the Chautemps cabinet, it was regarded as a practical certainty that the Blum government would contain no Communists.

### PA NEW OBSERVES

A statistically-minded gentleman told PA New's this morning that it was back in 1838 a century ago that New Castle's first rolling mill was erected. The city's steel and iron people commemorated that year, those who make a hobby of studying charts of New Castle's past say.

Another first seen of spring—a man on the North Hill yesterday rolling a lawn. The ground has been nearly bare this winter, in some spots, and it won't be long until we're all out pushing rollers around. It seems a little early now because another severe would ruin the good work done.

New Castle witnessed a seasonal snow storm early this morning. Downtown, there was quite a heavy snow storm for a short time, while north of Laurel boulevard, there was no sign of snow. Auto travelers north from downtown at the time were covered with snow.

### Bizarre Story Trial Feature

Pearce And Nurse On Trial On Wife's Charges At Pittsburgh

#### FIVE WOMEN AND SEVEN MEN ON JURY

PITTSBURGH, March 10.—The commonwealth summoned its first witnesses today to support the bizarre story of Mrs. Lucile Pearce of Concession, that her husband, Maxwell D. Pearce, and a Cleveland nurse, Margaret Gordon, alias Thompson, drugged her, robbed her and then had her committed to an insane asylum in Cleveland.

Admitting the story was one of the most fantastic ever unfolded in court here, Assistant District Attorney Roy T. Chink nevertheless pleaded with the jury of five women and seven men to suspend judgment until they hear the supporting testimony.

Pearce and the Gordon woman are charged with assault and battery, adultery and robbing and drugging Mrs. Pearce.

Story First Told Last Fall

Chink said Mrs. Pearce first unfolded the strange story to the district attorney's office last fall and that from when she subsequently learned he has come to believe it as true.

He told the jurors he will show (Continued On Page Two)

### Tighten Cordon Of Motor Police In Strike Area

HATBORO, Pa., March 10.—State police today tightened their cordon around the Roberts and Manders State Company plant here, scene of the routing of 75 sit-down strikers by Non-Strikers equipped with tear gas and clubs.

The strikers, who had occupied the plant for the last five weeks, emerged with a police escort after repelling the invaders with water from a fire hose and peddling the size of eggs. Three of the participants were committed to a hospital, and a number of others were treated at the scene.

The C. I. O. has held the plant since Feb. 4 when the workers, members of S. W. O. C., refused to hand earnings made in another building on the same property, where workers are A. F. of L. Affiliates.

### Every Woman For Herself In Easter Fashion Parade; Say Hollywood Stylists

By MILTON HARKER  
International News Service Staff

HOLLYWOOD, March 10.—To strip this story to bare essentials, it will be every woman for herself in the 1938 Easter fashion parade. Hollywood's screen stylists—who set the pace, Paris and New York alone dissenting—spoke their forecast for International News Service today, and the result was as scrambled as a basket of Easter eggs arranged by a two-year-old.

Anything Goes  
In brief—anything goes. That is, if your particular weapons suit you. To be brief—"Copy Cats" are out.

Easter will find the annual show-off parade rampant with color. Put scarlet with shell pink, purple

with orange, green with magenta, and you'll really be doing all right. Worn palettes, skirts, sweaters or barrets on your head, and no one will turn to look twice.

Adrian, Metro-Goldwyn-Mayer's famous fashion designer, takes up the argument at this point. "Now, more than ever before, discrimination on the part of the individual woman, comes into play," he says. "With such a variety from which to choose, she must be sure, more than ever before, that her particular type of madness suits her individual personality."

### Open District Surplus Foods Depot In City

Old Mahoning Bakery On Sampson Street Is Being Utilized

#### SEVEN COUNTIES ARE INCLUDED

Project Is Operated By W. P. A.; Large Stock Of Supplies In Warehouse

Over on Sampson street the Works Progress Administration has just opened a project that seems to be a step towards the solution of the problem of distribution of surplus. A surplus foods depot has been opened in the old Mahoning Valley Baking plant. In charge as district supervisor is W. W. Austwar, For Lawrence county the supervisor is Wayne Cannon. Working with Mr. Austwar are 19 people taken from the WPA lists.

In the warehouse are great stores of oranges, beans, rice, prunes, apples, lard and other foodstuffs are on the way. Fourteen cars of apples are due to arrive shortly, two cars of beans and on Wednesday the workers were unloading a carload of Florida oranges. Down a long chute rolled the yellow fruit needed for homes that have been unable to afford oranges for some time.

Seven Counties

The warehouse on Sampson street serves Lawrence, Beaver, Butler, Mercer, and parts of Clarion, Venango and Armstrong counties. Each day trucks leave the warehouse loaded with surplus foodstuffs which are delivered to designated grocers in the various cities and townships. In New Castle 22 stores are designated as surplus food distributors.

German Foreign Minister Is Derided By Crowd In London

#### POLICE DISPERSE CROWD IN STREETS

By KINGSBURY SMITH  
International News Service Staff

LONDON, March 10.—With undiplomatic forthrightness, a boisterous crowd of Britons accorded German Foreign Minister Joachim Von Ribbentrop an angry reception today when he called at the foreign office for a talk with Lord Halifax, British foreign secretary.

Yelling and cat-calling, the crowd spied Von Ribbentrop entering the foreign office and shouted: "Get out Ribbentrop!"

Police charged and dispersed the crowd, but the incident provided a sour curtain-raiser to the vital negotiations into which the German and British diplomats plunged behind closed doors.

The Von Ribbentrop-Halifax conversations are part of a British program, endorsed yesterday by the cabinet, in the interests of European peace. While seeking an understanding with Germany, the British are seeking an understanding with the United States.

### County Audit Is Considered

Recommendation Is Made In Report Of March Grand Jury

#### MATTER BEFORE COUNTY BOARD

Following a recommendation by the March grand jury which furnished its work on Wednesday, the board of county commissioners today is investigating the possibility of an audit of all county offices by a certified public accountant.

In its presentment, on Wednesday the grand jury said, "we recommend to the county commissioners that it would be in the public interest to have a public audit by a certified public accountant of the books and accounts of county officials charged with county property and holding county funds, covering several years last past."

Good Business  
When the grand jury's recommendation was presented to Commissioners Floyd L. Cotton, George H. Bolinger and A. R. Turner today it was discussed at some length. "It is good business to know just what shape you are in," said Turner. "I believe the idea is a good one and the audit should be made."

"Every business house and bank has its accounts audited," said Cotton. "It seems to me just as important."

### Austrian Plebiscite Is Victory For Democratic Principle—Knickerbocker

By H. R. KNICKERBOCKER  
International News Service Staff

(Copyright, 1938.)  
PARIS, March 10.—The smallest dictator of Europe has challenged the biggest.

Chancellor Schuschnigg, master of tiny Austria, has thrown down the glove to Chancellor Hitler, leader of the most powerful state on the continent.

For the first time in the history of dictatorships, one dictator is using

that despised political instrument, the ballot, the vote, the voice of the people, to defy another dictator.

Victory For Democratic Principle  
This makes Schuschnigg's proclamation of a plebiscite for the Austrian people Sunday the most significant victory for the democratic principle since the dictators rose to condemn it.

England and France are openly jubilant. Rome is secretly delighted. Austria is flaming with excitement. (Continued On Page Two)

The testimony will now be transcribed by Court Reporter F. M. Rowland and some time hence, a matter of two or three weeks, the law arguments will take place.

Mayor Charles E. McGrath testified on Wednesday afternoon and again this morning. On Wednesday he testified to the dealings of the city officials with the officials of the meter company. Today he testified as to traffic conditions on Long avenue. He said he had received numerous complaints of congestion in the Long avenue district. ### Pittsburgh Has Heavy Snowstorm

Traffic On Highways Seriously Affected During Early Morning

PITTSBURGH, March 10.—A March snowstorm today slowed up traffic in this area and all but halted air travel out of Pittsburgh. An inch of snow and sleet covered highways, necessitating the use of chains on outgoing roads, while below freezing temperatures in the mountain areas added to the hazard.

Indications, however, were for light rain later in the day and this was expected to clear away the sleet, according to Weatherman W. B. Brown.

Snow and low ceiling caused suspension of east bound air travel here last night and today, the county airport reported.

The storm was widespread, according to reports, producing snow in Washington, Atlantic City and other eastern points, and rain in Kentucky, Tennessee and other southern states.

Peggy Fears Among Passengers As Airliner Is Forced Down

Peggy Fears

NEW YORK, March 10.—An American Airlines transport plane, bound from Newark Airport to Los Angeles and including the vivacious Peggy Fears among its passengers, was forced down without injury to passengers or crew, at Richlands, N. C. last night, the airline operators announced here today.

The plane took off from Newark at nine o'clock (EST) last night, its ultimate destination Los Angeles, via the regularly scheduled southern route from Newark to Memphis. Bad weather conditions en route to Memphis resulted in the plane diverting its course to the southern alternate route via Atlanta.

The decision immediately raised the prospect of a general strike of the TWA situation on the house floor as opponents of the Gilbertville project warned the leaders there would have a "bitter fight" on their hands if the chamber was asked to reverse itself.

### Seek More Funds For Dam Building In T.V.A. Project

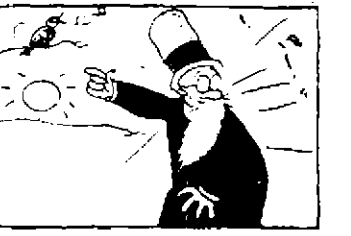

(International News Service)

WASHINGTON, March 10.—Despite internal dissension in the department, the administration today decided that congress should vote the TVA funds to begin construction immediately on the huge \$210,000,000 Gilbertville Ky. dam.

House leaders were asked to seek reconsideration of a \$210,000,000 TVA appropriation to launch construction a senate-approved item in the \$1,400,000,000 independent office supply bill which the lower chamber had previously rejected.

The decision immediately raised the prospect of a general strike of the TWA situation on the house floor as opponents of the Gilbertville project warned the leaders there would have a "bitter fight" on their hands if the chamber was asked to reverse itself.

### Arthur Mometer

A little robin in a tree today brought home the fact to me that it is spring. I stopped and watched him for a bit to hear him twittering a bit and thought perhaps he'd sing. But there he sat and I thought, this robin tells me so but he ought to chirp a song, a ballad or the southern clime, a bit of melody and rhyme, or something loud and strong. But I expect he'd just moved in. His wife had said they must begin to put their things away, so that is why he didn't sing a ditty song or ballad or even, that's why he looked so blue and I saw sympathy with him. I heard him the time I last saw him, the weather was fine.

# Philadelphia School Boy Is Slain

## Another Boy Is Held For Crime

Blame "Puppy Love Triangle" Motive For Fatal Stabbing Of Youth

## ARGUMENT OVER GIRL IS FATAL

PHILADELPHIA, March 10.—Detectives today saw a "puppy love triangle" motive in the fatal stabbing of James Flegle, 17-year-old Philadelphia high school student by a boy neighbor his own age.

The victim, police said, was stabbed with a hunting knife by Edwin Vachle, 17, during a quarrel over the affections of Marie McBurn, 15, neighbor to Flegle's home in North Philadelphia.

The accused youth was taken on a homicide charge after walking up to a policeman and surrendering a seven-inch knife with the remark, "I just stabbed a fellow."

## Argument Ends In Fatal Fight

Marie McBurn, 15, known in the neighborhood as "Trigger Girl" because of his penchant for guns and knives, was waiting outside the girl's home last night when Flegle entered. Both boys had been paying attention to Marie.

Together they began walking down the street and then their argument reached the fighting stage. In the scuffle the knife point was plunged into Flegle's abdomen. He died in a hospital.

Flegle, according to detectives, had challenged his rival "who says that knife and fight with your fists and we'll settle this."

Then he swung at me," Vachle reportedly told police. "I pulled the knife out of the sheath and cut him. Then I went to search for a policeman."

Tears streaming down her face, Marie cried: "It was Jimmy I liked best, although both boys have been coming to see me lately. I had known Jimmy for about two years."

The program followed which proved a most delightful surprise. The entertainment chairman, Mrs. Deane Coates Fitzer, introduced Dr. Elizabeth Veach of the Overlook, New Wilmington, Pa., as guest speaker. The event took the form of a kitchen shower, and the honoree was the recipient of many attractive and useful items for her kitchen.

Six tables of bridge were arranged, the prizes going to Mrs. Alfred Owens and Mrs. Charles A. Crowl.

Refreshments were served at an appointed hour by the hostess.

After devotionals, led by Bernard Hook, Carl Green, Boy Scout executive of Lawrence county, gave a special talk.

Dr. Jenkins presided over the business meeting and complete reports from the various officers were given. The new officers chosen were as follows: president, Dr. G. S. Jenkins; vice president, James Fox; secretary, Morris Houk; treasurer, Lloyd F. Wimer; sergeant at arms, Joseph Must.

A lunch was served later by a social committee composed of C. J. Love, William McBride, J. J. Kenyon and R. Scarpiano. Plans have been made for this class to sponsor a Boy Scout troop. The executive committee will be William McGuire, William McBride, Joseph Must, Paul Rucker, Gurney Rapson and Ralph Scarpiano.

## LOVELY PARTY HONORS MISS GLADYS POOL

Honoring a bride-elect, Miss Gladys Pool, night supervisor at the Jameson Memorial Hospital for the past few years, the Misses Anastasia Barnes and Olivia Jean Yoho, were co-hostesses at a lovely farewell dinner party and shower combined, on Wednesday evening, at a prominent tea room.

The occasion interested members of the Jameson Hospital office force of which the hostesses are associates. Activities were launched with a beautifully appointed 6:30 o'clock dinner. A gardenia corsage marked the honoree's place, while smaller individual corsages were found by others participating, at their designated places.

When the serving was completed, the guest of honor was showered with an array of gifts of a miscellaneous nature, adding further to the enjoyment of the occasion.

Miss Pool will become the bride of Howard Henderson, of Wellsville, N. Y., some time this month, leaving here shortly.

## City And County Officials Learn Of Activities

(Continued From Page One)

motive wheels have tires, but they do. They are steel bands which go around the outside of the wheels fitting tightly to the wheel. They are thick enough that as they become worn, as much as two inches can be turned down, or shaved off the outside surface.

## Many Workmen Busy

Many other workmen were busy in the machine shop, and roundhouse, working away at different jobs necessary in the maintenance of the engines. Different locomotives were pointed out by the officials, which had just come in from Washington or Chicago, and which on the morrow would be standing in the great stations at Washington or Chicago. New Castle, as you know, is on the main line of the B. and O., about midway between these two important points, and the locomotives are changed and serviced at New Castle Junction.

The group which visited the shops included Mayor Charles E. McGrath, Councilmen James L. Fink, J. Myron Rice, Joseph D. Alexander, and City Controller Sid Lockley, of the City Administration; County Commissioners Floyd Cotton, George H. Bolinger, and Alfred R. Turner, Sheriff M. M. Ingham, County Treasurer Joseph H. Harland, County Controller Frank W. Hill, Chief Clerk Tom Edmunds, of the Permanent Registration Bureau; Welfare Director Edwin O. Reed, of the county administration; School Directors Roy W. Hazen, Griff J.

Thomas, Clyde M. Whittaker, and Superintendent of Grounds and Buildings S. G. Ligo, together with W. Kiehl McAfee, president of the Universal Sanitary Manufacturing Company; and Charles E. Allen, of The News, were taken on a tour of inspection of the shops. They were guided by W. F. Harris, Master Mechanic of the Akron Division; General Foreman Harper, General Car Foreman, Ralph B. Fisher, Road Foreman of Engines C. H. Cotton, Wreckmaster T. N. Rockman, Machine Shop Foreman A. E. McCafferty, F. J. Lindorfer, Storekeeper; Vincent Travers, Chief Shop Clerk; Frank R. Doyle, president of the Federation of Shop Crafters; Ralph Audino, President of the Clerks' Union and A. E. Lowers, sergeant of police.

## Most Interesting

It all proved so interesting, that the group did not get around to visiting the Terminal Trainmaster's office. The inspection tour started at 11 o'clock, and noon and the excellent lunch served in the dining car of the wreck train, came all too soon.

The party met Engine House Foreman George W. Short, Boiler Shop Foreman C. P. Sewald, C. E. Liebetrau, assistant roundhouse foreman, and W. W. "Bill" Jones, who handles the huge 200-ton wreck crane. There are only three of these on the great B. and O. system, and "Bill" is one of the two operators. He can pick up the wrecked locomotive or box car and swing it back into place, almost as deftly as one would pick up a block of wood with his hand.

Some of the men the group did not meet were J. L. Cole, night roundhouse foreman, Kenneth Dick, assistant night roundhouse foreman, and C. C. Davis, night car foreman. They were home sleeping, getting ready to take over operations where the day shift leaves off.

## While some of those in the party

did not get a chance to inspect the storeroom, Fred Lindorfer's castle, those who did, found an establishment which is kept cleaner and neater than many homes in New Castle. It was an exhibit car of the B. and O. The stayloids, set screws, and 11,998 other kinds of articles in the bins were so arranged, that the number of each in the bin could be told at a glance. The men in the storeroom know from previous count, how many articles are in a row, and how many rows there are in the bin. By counting the top row and the number of rows down, the number of articles can be determined in an instant.

## Lunch In Wreck Train

As they finished their tour of inspection, the group was taken to the wreck train, where Frank B. Locke, the chef, had prepared an appetizing meal of steak, mashed potatoes, several vegetables, pickles, olives, celery, topped off by coffee, peach, and cake. Assisting in serving was Car Foreman Fisher and Chief Clerk Travers.

## tains city and county officials go out

of office. Then with lunch concluded, the group went outside along the roundhouse where they had their pictures taken alongside one of the huge Pacific type locomotives, weighing several hundred thousand pounds, which formerly drew the Capitol Limited, before the new Diesel-type engine was substituted. It is a huge brute of a machine, capable of attaining a speed of 112 miles an hour, and completely fills the big electrically operated turntable.

Mayor McGrath got a big kick out of looking at the whistle and ringing the bell all of which is done by turning a valve inside the locomotive cab. In fact, the cab seemed full of valves, wheels and handles which would bewilder the uninitiated one, but to a locomotive engineer and fireman, they mean no more than the brake handle and gear-shift lever on your automobile.

Road Foreman of Engines Cotton took the mayor and several others in the group for a short ride down the track. After releasing the air brakes, and pulling a half-dozen handles, the throttle, a huge lever extending across the front above the firebox was pulled out and away the monster glided. Those in the cab were the envy of the rest of the party, and it would not be surprising if they sneaked back some day, just to get a ride and toot the whistle.

## Huge Payroll Here

Some idea of the importance of the Baltimore and Ohio railroad as one of the city's leading industries establishments is gained from the fact that the payroll in 1937 was \$1,235,000, which was exceeded by only one other industry. General Foreman Harper informed his guests. The enginehouse has a capacity of 20 stalls and there is a 75-car capacity shop track. The yard capacity is 3,500 cars. All freight between the east and west is brought here and re-classified and sent on its way to its different destinations on the B. and O. system. During 1937, there were 1,668,169 cars handled. This work is under the direction of Terminal Trainmaster J. Frank Cable. Freight car each freight car has an average length of 40 feet, this would make a train 8,077 miles long. During the year, 6,475 regular passenger trains operated through the yards, an average of seven cars to the train. 45,325 passenger cars in all, bearing three-quarters of a million people.

Coal disbursed to locomotives amounted to 150,000 tons or about 50 solid trainloads. In addition, 30,000 tons of coal were used in the power plant of the shop and about 60 carloads or 4,000 tons of engine sand.

Total locomotive disbursements were 19,316. There were 242,446,750 gallons of water consumed in servicing the trains and for use in the shops which cost \$15,277.33. Electricity for light and power totaled 508,611 K. W. hours, costing \$7,350.68.

## When other places were cutting

down their force, the B. and O. increased the number here by twenty-five and expended \$35,000 in improvements.

**FAST SIDE GARDEN CLUB HAS ASSEMBLY**  
**GUARD TEAM MOTORS TO ELLWOOD EVENT**

Miss J. Albert Wilson, of Monaca, opened her home to members of the East Side Garden Club Wednesday afternoon, serving a most appetizing buffet luncheon at 1 o'clock. Her table was exquisite with a host of St. Patrick arrangements, including flowers in green and white, with green tapers at either end, and reflecting in a mirror pane. Seated with the menu were Mrs. Fannie Stahler, Mrs. Delia Glenn, and Mrs. W. C. Patterson.

The theme of the afternoon was "Farming Stories" with Mrs. Paul Patterson giving the main talk. Mrs. W. C. Patterson, an authority on garden work, also contributed to the program. She related facts on "Farming Lilies". A paper by Mrs. H. O. Sturdevant entitled "The Mysterious and Mysterious Gold" was most interesting. A discussion ensued, when many questions were solved for the members.

Special guests included Mrs. W. C. Patterson and Mrs. Willard McCowan. During the business period much interest was aroused over the proposed purchase of the Walworth hill. Definite action by the club members has been taken regarding this project, protesting that a privately owned parcel wanting to trade a worthless piece of land for a strip of virgin timber, which is a part of a national park in the state of Washington.

A finance committee was appointed as follows for 1938: Mrs. Harold Perver, Mrs. Walter Kelly and Mrs. Albert Wilson. Also, Mrs. Perver was named press reporter for the new club term.

The next meeting of Garden club members will be at the home of Mrs. Earl McKnight on Adams street.

**Want to Know Why You're Constipated?**  
Would you give a million to shake off that dull, dopey, played-out feeling that often comes with common constipation? Then stop a minute and think. What have you had to eat this week? Just meat, bread, eggs, potatoes? Probably the reason you're constipated is you don't get enough "bulk" and "bulk" doesn't mean how much you eat. It means a kind of food that isn't entirely digested, but leaves a soft, bulky mass in the intestines which helps a bowel movement. Want to stop? Eat some Kellogg's All-Bran for breakfast every day. This crunchy toasted cereal is not only rich in "bulk"—it also contains both the intestinal tonic vitamin B and iron. Eat All-Bran every day and drink plenty of water. See if you don't get off your heels and on your toes! Kellogg's All-Bran is sold by every grocer.

**BOY SCOUT Activities**

Scout prayer led by Scoutmaster James Bowman brought the meeting to a close. Scribe, Robert Fox.

WASHINGTON  
AT A GLANCESouth American  
Farming Fallacy

Writer, Who Tried It,  
Claims That United States  
Farmers Are Better  
Off Here

GOOD LAND IS  
FAR FROM MARKET

Central Press.  
Washington Bureau.  
By CHARLES P. STEWART.  
Central Press Columnist.  
WASHINGTON, March 10.—The U. S. government is said to be flitting with the idea of encouraging North American farm colonization in Argentina, South American agricultural area.

It is suggested that, for one thing, no free land remains in this country with the result that great numbers of folk who ought to be leading rural lives are being forced into our cities, creating unemployment. Secondly, the South American republics have, in spots, large tracts of land, and the theory is that the North American settlers would commercialize this tendency, demoralizing our New World neighbors. And, in a general way, the argument is that such a movement would bind our two western hemispheres, continents together, in the face of a mighty unpopulated land almost everywhere else on earth.

## A FALLACY

Now, not so many years ago, I ran a farm in Argentina, perhaps naturally the most agricultural region on this globe, acre for acre. Many

newspapermen hope to get back to the land, and I got there. I stayed as long as my money lasted, which wasn't long, and then returned to newspapering. I am cured, as to the Argentine or anywhere.

It is entirely a misconception that plenty of land is available in the vicinity of South America's important centers, where crops can be marketed. These belts are thickly settled. Tenancy is as prevalent within their limits as in the United States. Their soil is worn pretty thin, and takes a lot of expensive fertilizing. An Iowa tenant would be a sucker to migrate, say, to Santa Fe province, Argentina—and he could do it only as a tenant.

## LANDLORD DOMAINS

Around the semi-urban belt there is another belt, devoted principally to livestock raising.

This domain is owned by great landlords, whose holdings date back to the days of Spanish acquisition from the Indians. It is divided up into patches of thousands of acres each. These landlords will not sell or lease under ordinary conditions. They do not desire cultivation. Cattle or sheep suit them better. Such animals are marketable on the hoof, without much artificial transportation. They simply eat grass and propagate, with little worry. Meanwhile the huge ranchmen live in Paris, make as much money as they desire, and don't care whether or not they could swell their incomes by more extensive methods. However, outside the cultivated and the grass-eating areas, is the free wilderness.

## A WILDERNESS

Then there is a wilderness—the Gran Chaco.

The Chaco has been advertised as the region Paraguay and Bolivia have been fighting over. In fact, it is a Guarani Indian term, meaning "wilderness". Mainly it is rich territory, including corners of Argentina, Paraguay, Bolivia and Brazil—cotton and cattle land particularly. But it is completely undeveloped.

## HUGE LOSSES

The Chaco, essentially, is the region North Americans are invited to break into. Cattle, crops and oil, maybe!

Well, several attempts have been made to break into it.

"Tex" Rickard made one—to break into the Argentine Chaco, as a cattle venture. He got an Argentine concession, and is reputed to have spent \$1,000,000 in attempts to realize on it. I did not know "Tex" personally, but I knew all his foremost lieutenants.

"Alfalfa Bill" Murray tried to break into the Bolivian Chaco. I have heard him tell his story. Both efforts went floozy. The colonists simply quit and went home.

## ANOTHER FAILURE

A Norwegian of the name of Fred Engen tried to establish a colony of Canadian Mennonites in the Paraguayan Chaco. The Mennonites were welcome to Paraguay, but they could not stand it.

Immediately after the Boer war an attempt was made to colonize a few shiploads of those beaten South African Dutch farmers in Patagonia. It was before my time in South America, but I heard of it and that experiment also fizzled.

One might think that those Mennonites and Boers would have been sufficiently hard-boiled to meet primitive conditions, but they were not. Their ventures fizzled out, just as did the ventures of our Texans and Oklahomans.

"WE ARE TOO SOFT"  
The truth is, we civilized folk cannot survive a sure-enough state of nature.

We are too soft. We have to have telephones, sanitary plumbing, etc., etc.

South America can be chewed at only by degrees.

The edge of it may seem edible. The continental interior is not necessarily so digestible.

## Millions Of Thunderstorms Occur Annually

Earth Swept Annually By 16,000,000 Thunderstorms Is Estimate

(International News Service) BERLIN.—Sixteen million thunderstorms are sweeping the earth every year.

Taking into account an average of 20 seconds between two lightning strikes, mankind must get used to the idea that one hundred lightning flashes tear up the skies around this globe of ours every second.

These figures were revealed by Dr. Popowsky, noted German meteorologist, recently who stated that a gigantic system of about 3,000 observatory stations, private and official, were spread all over the globe and enable meteorological science to gather all the minute details necessary to gain an all-round idea of "the world weather."

And a considerable proportion of this "world weather" consists of thunderstorms.

How Storm Caused According to Dr. Popowsky a thunderstorm is the result of a "thermic bubble" caused by sun-heated air swirling rising into the cooler heights of the heavens. The rising speed of such "thermic bubbles" may reach 45 feet a second and it has been a frequent experience by air pilots that their heavy machines were carried aloft hundreds and hundreds of feet in such an "air chimney" shortly before a thunderstorm.

Thunderclouds carry up to 300,000 tons of rain—this quantity would fill 6,000 big rail trucks—which usually burst down on earth quite suddenly, often within seconds, because the pressure of the rising air has kept the water in the size like in a gigantic "reservoir," releasing all of it when the upward pressure subsides.

"Thunderstorm Machine" Two German scientists, Leonard and Hochschwender, have constructed a "Thunderstorm Machine" to demonstrate the origin and development of this nature's event. They built a vertical wind-canal into

which water drops of any desired size can be dropped. It was found that the biggest sized drops of one quarter inch, such as appear in the most heavy cloudbreaks, are carried upwards by winds faster than 34 feet an hour.

The other observation was that the bigger drops were not blown upwards as fast as the smaller ones, thus dividing the entire cloud into many layers of different drops, beginning with the thickest ones at the base and proceeding to the top of the clouds with the smaller ones, finally ending with water dust right on top of the thundercloud.

The third observation indicated that the big drops, and therefore the lower half of the cloud, received a positive electric charge, whereas the upper half became loaded negatively. The tensions thus accumulated in a big thundercloud have been figured out to reach up to five billions of volts. This tension, together with electric power quantities from 20,000 to 50,000 amperes, would suffice to supply a big country with electric power for a whole year—if it could be collected and utilized.

Two German scientists of the Berlin Institute of Physics, Lange and Urban, have recently made efforts to "collect" such huge energies as contained in thunderclouds and utilize them for industrial power purposes. A huge wire-netting was hung up between the slopes of a rocky valley in the north of Italy, which is notorious for severe thunderstorms, and the electric energy accumulating in the air was conducted to two poles. A tension of eight million volts was thus gained and could be used to develop sparks of 54 feet length.

'MUNY' LODGER MOVES TO CELL

Frank Hinkel was the name of a man who obtained lodging at the city hall lodgers room but who, disturbed by the talk of two other lodgers complained vigorously, in fact, so vigorously an officer went to investigate the disturbance. Hinkel stated his complaint whereupon the officer found that Hinkel was intoxicated. His habit was changed. He got a jail cell instead of a cot in the lodgers room. He will receive a hearing before Mayor Charles E. McGrath some time today.

EASILY SOLVED "No, you can't have any more cake tonight, Bobby," said his mother. "Don't you know that you can't sleep on a full stomach?" "Well," replied Bobby, "I can sleep on my back."

## Man Who Led "Coxey's Army" on Washington Has Some Ideas

Ever since Jacob Coxey led an army of unemployed to Washington in 1894 to seek adoption of his good roads program, offered as a solution to the depression of that year, he has been a political figure in a minor way. But he has gained only one office—mayor of Massillon, O., 1931-33. Now, at 83, he is passing his old age in Massillon, but still giving his opinions on the news. It was there that a Central Press photographer obtained these photos of "General" Coxey.

## Old Ballad Is Refuted By Recent Marriage

Successful Marriage Of Aga-Khan To French Girl Refutes Old Legend

(International News Service) PARIS.—My son-in-law, the Aga Khan...

Rolling these words on his tongue with a still-awed intonation, Guillaume Garçon, father of the Regum Khan today refuted Rudyard Kipling's world-famous ballad about "East and West"....and never the twain shall meet.

"They have been married eight years," the white-bearded sixty-seven year old former restaurant owner told newspapermen. He looked almost patriarchal despite his gray flannel "pants" and short-sleeved tennis shirt.

"Look at this photo of my daughter, Andre, standing over a lion she shot in India with the Aga Khan. Does this look as if there's any racial dissatisfaction between them."

Has Grandson Prince "Besides my little grand-son, Prince Sadruddin, a fine little boy with the good Savoyard blood of my ancestors mixed with those of the princely Mussulmans in his veins, has just telephoned me."

"He was so excited. He was the youngest Prince at the Coronation of the King and Queen of England, and cannot forget it although it is almost two months ago. Guillaume Garçon stated.

"Of course they are happy together. Nobody in the world is as powerful as my son-in-law, whether they be emperor or dictator."

Amid his terraced rose-gardens in the Savoy, near Chambéry, father Garçon was almost bursting with pride.

Sceptical at First Admitting that he had at first been slightly doubtful about the outcome of the marriage between his French daughter and the Aga Khan in 1929 he is proud in a bucolic manner of the success of their marriage.

"And I have been entrusted with the difficult task of naming his race horses," he announced with pride.

"And is it hard? Every horse has to have his name start with the initials of husband and wife—the Aga Khan and the Regum."

FOAMING OVER (International News Service) COLUMBUS, O.—Approximately 55 per cent of all intoxication is caused by beer according to Dr. H. E. Hamlin, Ohio State University physiology professor. "Beer is not intoxicating they say," Dr. Hamlin declared, "so we just sit and sit and sit, drinking glass after glass and all the time old king alcohol is accumulating in our body and brain."

## New Threat For Earle's Cabinet

Further Dissension Is Seen; Margiotti Is Factor In Controversy

By RAYMOND WILCOVE  
Harrisburg, March 10.—The cabinet of Gov. George H. Earle, already split by several opposing candidates, today was threatened with new dissension.

The revelation that Secretary of Labor and Industries Ralph M. Bashore had employed two part-time attorneys at \$25 a day to help the department prepare its own defense of the 44-hour week law without first obtaining permission of Attorney General Charles J. Margiotti, threatened to cause a controversy between the two cabinet officials.

Margiotti, an anti-organization candidate for the Democratic gubernatorial nomination, said he would not let the cabinet decide Governor Earle upon his return from New Mexico, probably today. Bashore is secretary of the Democratic state committee.

"I will report the matter to the governor and take such action as he deems proper," said Margiotti.

The two attorneys, Gilbert J. Kraus and Philip Dorfman of Philadelphia, were called on the state payroll as economic experts at the time they are appearing in the hour-law case for labor unions, it was charged.

Margiotti, declaring it was illegal for any state official to hire attorneys without his consent, said if the two men were hired, as Bashore insisted, purely in the role of economists assisting in drawing up the department's defense material in the 44-hour case, Bashore was within his rights. If the men were hired as lawyers, it was an unlawful assumption of authority on Bashore's part, he added.

Margiotti intimated that if Governor Earle ordered an investigation he was prepared to proceed with one.

## SEVENTH WARD NEWS

**Parent's Night**  
Planned Friday  
By Boy Scouts

Excellent Program Is Arranged  
For Annual Event Of Ward  
Scout Troop

The annual program of the Boy Scouts of America for the year 1937-38 will be staged Friday evening by the Scout Troop 4 in the Madison Avenue Presbyterian church, beginning at 7:30 o'clock.

The boys in the troop will demonstrate by actual work just what the troop accomplished in its meetings. Examples of sewing work, cut in a number of projects will be included in the program.

Mr. Richards has been selected as master of ceremonies for the evening.

The Scout Commissioner Ralph Jones will be present and plans to conduct an inspection service for six new boys recently taken into the troop.

Walter Paul, assistant scoutmaster of the troop, and Dr. E. L. Vinson, troop committee chairman, will be in charge of the evening program.

According to Scoutmaster Paul, the general public has been invited to the ward Christian church on Friday evening to take part in this special program.

Due to other meetings being held in the Mahoning Methodist church, which is the regular meeting place of the troop, the program Friday is therefore being taken to the Madison Avenue Presbyterian church. This troop is under the sponsorship of the Christian, Presbyterian and Methodist churches of the ward.

**SOCIETY MEETING**

**SUNDAY EVENING**

Members of the St. Margaret's Society of the Seventh Ward will conduct a regular meeting in the society hall, South Liberty street, Sunday evening at 5:30 o'clock.

President Sam Gausman and his aides will be in charge of the session.

**Many Taking Part**  
In Contest Held  
At Ward Church

Attendance Contest In Presbyterian Church Attracting Many Members

Last reports for the attendance contest which is being conducted at the Mahoningtown Presbyterian church, make it known that the blue side is slightly in the lead, with the red group closely following behind.

A great deal of interest has been taken in this event by the congregation and everyone in the church has now chosen one side or the other.

A. C. Brown is leader of the red side, and John Fisher heads the blue group.

The contest will close on Easter Sunday, and the losers will plan a social event for the winning team members.

**WILLING WORKERS OF**

**WARD CHURCH GATHER**

Willing Workers of the Mahoningtown Presbyterian church held a regular meeting in the church Wednesday evening following the mid-week prayer session.

Mrs. D. C. Schenck, president of the group, conducted a short business period and brought the fiscal year for the society to a close.

Mrs. C. O. Scheidemann and Mrs. Thomas Foster were named as a nominating committee to select nominations for new officers and report at the next meeting.

One of the popular penny suppers will be held in the church on Thursday evening, March 31, as a form of meeting for the Willing Workers. Regular business meeting for the group will follow the supper.

**LADIES AID GROUP**

**AT FRANKLIN HOME**

Members of the Ladies Aid Society of the Madison Avenue Christian church held a regular meeting, Wednesday afternoon in the home of Mrs. R. A. Franklin on North Cedar street.

A short business period was held under the direction of the president, Mrs. J. W. Jones.

Mrs. Franklin aided by Mrs. I. D. Wagner and Mrs. S. E. Parks, served a most delicious luncheon at a selected time.

Mrs. Dave Gilmore, of West Cherry street, will be hostess to the group at their next meeting in her home on Wednesday afternoon, April 13.

**SCANLON EVER ALERT**

B. & O. employees pride themselves on working for the great railroad organization whose main line operates through the Seventh Ward. To them it is the greatest railroad in the world.

One of the most zealous employees is Ed Scanlon, fire marshal at the junction shops. Yesterday, a group of citizens was being taken through the shop on an inspection trip, and when one of them was asked to smoke a cigarette, he was politely tapped on the shoulder by Scanlon and informed that the "no smoking" signs were put there for a purpose. The shop employees know this, and observation reveals that most of them who indulge in the use of the old Indian weed have taken to chewing. There's absolutely no fire in a quid of spit accelerator.

**S. C. W. BIBLE CLASS**

Mrs. John Fisher, of West Madison avenue, will entertain members of the S. C. W. Bible class of the Mahoningtown Presbyterian church, when they gather in her home.

**SEVENTH WARD PERSONALS**

William Dinsmore of Mount Jackson, was a ward visitor on Wednesday.

Alderman T. C. Rainey, of North Liberty street, is now able to resume his duties following a brief illness.

John Fisher, of West Madison avenue, is improving rapidly at his home where he is confined by illness.

Mr. and Mrs. Bernard Freebourne and daughter, Norma Lee, of Sharon, spent Wednesday visiting in the ward.

Esther Miron, of West Wabash avenue, has returned to her home following a visit in Cleveland, O., with relatives.

Miss Pearl Kurt, of West Cherry street, who was confined to her home by illness earlier this week is now able to be out.

Mrs. Ray Logan of 205 North Lafayette street is confined to the Jameson Memorial hospital and is reported to be improving nicely.

**AROUND**

**CITY HALL**

North Mercer street hill shows the wear and tear of travel and as soon as weather conditions become suitable it would be a good idea to have some of the holes filled with asphalt.

The city department of streets has experienced trouble securing sufficient asphalt for filling holes in dirt streets. Of late the departmental employees have been using gravel when they secure from Cascade park grounds.

City police collected nickels from the parking meters on Tuesday and according to an estimate provided yesterday by a city treasury employee, amounts paid \$800.00, for parking privileges during the 10 days period which ended Tuesday.

A little glycerine or salad oil will lubricate the lead cleaver and run water ball, a household dilemma.

# Plan To Revive Scene Of State's Logging Days

Clearfield, Pa., March 10.—The sound of hammer and saw resounded through the woods of M. G. McKel's, about 25 miles from here, today, heralding the preparations for a trip to the Clearfield-Pennsylvania section of the Allegheny river. A small fleet of boats started this week to float down the river, which is now open to navigation. The boats will be loaded with lumber and other goods, and will be towed by a tugboat. The trip is expected to be a successful one, and will help to revive the logging industry in the Clearfield section.

To Be "Last Raft" To all intent, it is to be the "last raft" to roll down the river highway, a last well-known to logging days that were filled with romance and history-making episodes. The trip is being sponsored by B. D. Tonkin, Tyrone and Clearfield lumbermen whose family name is synonymous with the logging days of old.

In Harrisburg, the raft will be turned over to J. D. Bogar, local lumberman, who plans to cut the huge "logs" into salable wood, disposing of it in the same manner as his predecessors. "The trip will be the last of its kind," according to the sponsors, and will start sometime after this coming Sunday. No definite date has been selected as yet.

Steps Are Planned Over the steps will be made at Clearfield, Kenning, Lock Haven and Williamsport on the tentatively-prepared itinerary. Other stopovers will be arranged later. Gov. George H. Earle and other prominent state officials have been invited to board the craft while it journeys downstream, piloted by 75-year-old Captain Harry Connors, a veteran of forty years' experience. Like Tonkin, he wants to show the new generation what logging was like. But while the crew toiled in constructing the raft, other oldtimers in the district were far from being optimistic about the undertaking. One even ventured to predict that the raft wouldn't be able to pass Clear-

land, Mrs. Sally McCrory of Brooklyn, N. Y. is her only surviving sister. Funeral services at St. Thomas' church in Cleveland were largely attended. Rev. Stephen Driscoll was celebrant of the solemn requiem mass, assisted by Rev. Edward Hornig as deacon, and Rev. Robert Stimmel as sub-deacon. Other members in the clergy were Rev. Joseph Dreher, Rev. Joseph Elias, Rev. John A. Clark, Rev. James Hennessey and Rev. John Kiregan. Mrs. Foster had a great interest in resident priests and her home was always a spot of welcome to them. In comforting the bereaved family and friends, Father Driscoll spoke eloquently of Mrs. Foster's kindnesses and exceptional sympathetic nature. Burial was at Calvary cemetery in Cleveland.

Mrs. Nellie Sweet, a staunch friend of the Foster family has been in Cleveland with them in their time of bereavement.

## Officers Installed By W. B. A. Review

Impressive Ceremony Conducted By New Castle Guards On Wednesday

ELLWOOD CITY, March 10.—A very impressive and well planned installation service was held by the W. B. A. Review on Wednesday evening in the First National Bank building with several members of the New Castle Review as special guests. Seventy-five members of the two organizations were in attendance.

Mrs. Ethel Thomas, of New Castle, was the installing officer and she was assisted by the New Castle guard team and their captain, who were resplendent in gleaming white gowns with blue capes and they carried white staffs topped with blue pom-poms.

As each officer was installed she was given a red rose and conducted to her place of honor by an escort of six juniors over a rose petal strewn path. Altogether the ceremonies were beautiful and very much enjoyed by those attending.

Mrs. Bessie Smith, the retiring president, was highly honored when she was presented with two lovely gifts by the local Review in appreciation of her faithful services. Mrs. Anna Jones, the financial secretary, made the presentation with Mrs. Smith responding in a charming manner.

Following the program interesting and encouraging reports were given by Mrs. Martha Moncrief, president, Miss Anna Patterson, junior superintendent and Mrs. Margaret Sherbine, past president, and other members of the visiting Review.

Cards and bings then held the attention of the members with the prize for the former going to Mrs. Patterson and for the latter to Mrs. Susanne Stevenson. As the concluding feature, Mrs. Josephine Albion and her committee served a most delicious lunch.

On Wednesday evening, March 23, the next meeting will be held.

## Set Contest Closing Date

Bird House Building Contest Will Be Concluded On April 15

ELLWOOD CITY, March 10.—The Boy Scout activity committee, at its meeting last night in the scout office, set April 15 as the closing date for the bird house building contest now under way throughout the city.

Prizes will be awarded by the troop committee for the best efforts of their scouts, if they so desire. Final judging will take place prior to the April Court of Honor, by a group of capable judges to be selected by the activity committee.

Something different in Round-Ups is promised all local scouts, when they meet at Camp Thompson the latter part of May for an afternoon of fun, contests and games. The committee is planning a Round-Up that will enable all scouts, whether of Tenderfoot or Eagle rank, to participate on an even basis.

The next meeting of the committee will be held March 28th in the scout office.

## Hot Finish Shares Third Round Lead With Inspection

Round Leaders Will Battle For Supremacy On Saturday Night

ELLWOOD CITY, March 10.—Although it required an extra period to determine the supremacy of the Hot Finish and the Cold Draw in the last night's second game of the Shelby basketball league, the powerful Hot Finish, first and second round champs, came out victorious by a close score of 28 to 26 to tie for the third round lead with the inspection.

The game was nip and tuck throughout and with only 5 minutes left to play and the score tie at 24 all both teams switched to a light defensive brand of play, and consequently neither team scored a single point. An extra period of 5 minutes was required.

Lasso made a long shot for Hot Finish and Ferrucci, of Cold Draw retaliated with a long shot for his team and the game was still tied at 26 all. Lasso proved to be the hero and again came through for the Hot Finish with another long shot in the last half minute of play and try as they did the plucky Cold Draw five could not score in their last few opportunities.

In the first game, between the Office and Mechanical, one which had no bearing on the league lead, the former came out victorious to the tune of 49 to 40, but the Mechanicals put up a strong battle, as they always do.

Zapadka and Salerno kept the office in the lead throughout the game. The Mechanicals came back strong in the final period to reduce the victor's lead to 4 points with Blazin and Lutz scoring for the losers to no avail for Zapadka and Salerno countered with baskets to make the game a victory for the Office.

Zapadka with 20 points was the high scorer of the evening. Other high scorers were, Salerno, Lee, Janosiewicz, Vandrello, Blazin, Ferrucci and Lasso.

Saturday night's games will prove to be the highlight of the third round when the inspection and the Hot Finish, who share the round lead, will battle for supremacy. The Cold Finish and the Office will play the first game. Next Wednesday night will wind up the schedule for this year.

## Tractors Timed At 60 MPH On Rubber Tracks

AKRON, O., March 10.—The record for the fastest tractor on rubber tracks was set today by a Caterpillar tractor, which was timed at 60 miles an hour on a test track at the Caterpillar tractor company's plant here.

The Caterpillar tractor, a 15-horsepower model, was timed at 60 miles an hour on a test track at the Caterpillar tractor company's plant here. The tractor was driven by a man named John J. Smith, who is a Caterpillar tractor salesman.

## Smoke Screen Of Sulphur Used To Kill Cotton Bug

BRYAN, Tex., March 10.—Cotton growers here are using a "smoke screen" of sulphur to kill the cotton bug. The smoke screen is made by burning sulphur in the cotton field. The smoke from the burning sulphur kills the cotton bug.

dividing machines range from \$2 to \$4 per acre per season, including cost of application, Bryan said. With the new Texas and Louisiana method, he added, experimenters are estimating that the Freeport Sulphur company, co-operating with field workers from the Texas Agricultural Experiment station, show that the increase in yield over untreated acres has been from 102 to 361 pounds of seed cotton per acre, with a net cash gain of \$2.08 to \$10.44 per acre.

## PREXY TELLS WHY COLLEGE STUDENTS FAIL IN STUDIES

LUBBOCK, Tex., March 10.—Why college students fail in their work is no longer a mystery, after a two-year survey at Texas Technological College here.

According to President Bradford Knapp, the causes of failures can be divided into three groups:

(1) Lack of thorough high school preparation.  
(2) Necessity of spending too much time in work to earn their way through college.  
(3) Cutting classes, being indifferent to requirements, too great attention to social functions, attending moving pictures too often, or too much wasting of time.

"A fourth reason may be the attitude of the student toward his college course," comments President Knapp. "We have too many students who are indifferent to their college work and do not feel that they want to come to college except for a while of a good time."

ONIONS ARE NOT TREES, SAYS BOARD  
FORT WORTH, Tex., March 10.—Onions are all very fine in their place—but that place is not in the area between sidewalk and curb of Fort Worth's streets.

That is the ruling of the city park board, which watches enforcement of the city ordinance requiring property owners to obtain permits for planting on ground lying between sidewalk and curb.

The rule says "trees in keeping with the neighborhood" must be planted, and onions just aren't trees, it was pointed out. Last time property owner George Kreyenbuhl was given time to gather his crop of vegetables, but this year—nothing doing, the board ruled.

Equal division of wealth would be confusing. How would people know which ones to respect if nobody had more than his neighbors.

## New Castle High Loses To Ford City 32-31

### FIELD GOAL IN FINAL SECONDS IS WINNING MARGIN

New Castle High Bows Out Of W. P. I. A. L. In Semi-Final Joust; Stonewall Jackson Makes Winning Basket; New Castle Trails For First Two Periods; All Six Of New Castle Men In Game Will Be Missing Next Year; Tom Carey And Vic Nocera Lead Locals In Points; Sotnyk And Jackson Best For Ford City; Pitt Stadium Packed For Battle.

New Castle High's bid for its third W. P. I. A. L. championship suffered a setback last night at the Pitt Stadium pavilion as upwards of 3,500 fans sat spellbound as "Stonewall" Jackson, dusky Ford City guard, came seemingly from nowhere and banged in a field goal in the final 15 seconds to trip up the New Castle team 32 to 31, and to keep Ford City, the defending champs in the running for its second straight W. P. I. A. L. crown.

It was a fitting climax to a great battle. Ford City jumped off to a swift start. New Castle couldn't get set. The first two periods it was all Ford City. The final two periods was all New Castle until Jackson staged his little net.

Pandemonium broke loose as the gun boomed out the end of the game. There were the wildest scenes as the game was concluded. The Ford City fans literally mobbed the Ford City players. The New Castle fans were stunned by the turn of events. A seemingly sure victory was turned into defeat by the flip of a wrist. Ford City enters the final round with Har-Brack. New Castle is out of the tourney.

Locals Start Slowly.

New Castle started out very slowly. Eddie "Bus" Strausbaugh tossed in the first field goal of the game. A few seconds later "Stonewall" Jackson made a one-handed shot put Ford City in a lead.

Strasbaugh's foul was good and Ford City went ahead, to say in the van until the middle of the third section. Jackson had a couple of fouls tried and missed them both. Strausbaugh tied the score again at 3-4 with a foul. Sotnyk made a one-handed field goal that put the Glassers in the lead at 5 to 3.

Sotnyk caged his second field goal of the period to send the score to 7 to 3, and Dvorsky made a foul shot the first period ended. Strausbaugh had the only New Castle field goal. New Castle's offense was not as good as usual.

Glassers Lead.

Ford City swept away to a commanding lead at 10 to 3 as the second period began. Sotnyk popped in a long one and Dvorsky's foul was good for a point to make it 11 to 3. Dvorsky got a fielder one-handed. Kozela caged the first New Castle field goal in 12 minutes of play to send the count to 13 to 3. Ford City's offense was not as good as usual. Carey teamed up with Strausbaugh and New Castle crept up to 13 to 9. Dvorsky's foul made it 14 to 9 as the first half came to a close.

New Castle high, never beaten until the last man is out as the saving grace, came back for the third stanza with different ideas. The Pa New-ans had trailed five points the first two periods, but Ford City was due for an awakening. With business-like procedure the men of Brim-baugh went about the grim task of overtaking the Glass City boys. It was not an easy task.

Score Tied Up.

Just as the third period ended Marvin "Muzzy" Sotnyk made the foul try that tied the score at 20-20, but to get back to the third section's history, Marvin had replaced Sotnyk for New Castle. The tow-headed guard was doing with a severe cold.

Dvorsky got a fielder for Ford City and Jackson a fielder to send the count to 17 to 9. Kozela's one-handed shot from the side was good for two points for New Castle and Nocera blasted in a long one that made the score 17 to 13. Sotnyk's field goal made it 19 to 13.

Nocera went to the side at the court and dropped in a field goal. Dvorsky's foul sent the count to 20 to 15. Carey popped in a pair of field goals in rapid order to put New Castle just one point behind at 20 to 19. Then just as the timer was getting his post-landed Sotnyk's charity heave bumped in and the game was tied up tighter than a roll of hundred dollar bills at 20-20.

What Would Happen?

The New Castle fans were by the time wild with joy. They were confident that the "Red Horse" was at last headed toward victory. Ford City was tame just a little. They had mistaken a terrific pace for the three hand looked fresh. There was hope on every side that the Lawrence county team would put this one out of the time just as they had so many others. The Ford City attitude had taken quite a change. They weren't just quiet so many. What had come over this New Castle team?

Dirk McIlwain, the tall Ford City center, was banished from the game just as the third section ended and Eddie Zilla was sent in. McIlwain

### Three Tilts In Wampum Circuit

Chewton, Indians And Ramblers Score Triumphs Wednesday Evening

Three exciting games were played Wednesday night in the Wampum independent floor league.

The Chewton A. C. easily won over the Celcius, 52-15; Indians defeated Keppel, 30-28, and the Ramblers won over the Old Timers, 30-14. The battles were played on the Wampum high hardwood.

### Seven Players In Final Game

Entire New Castle High First Team And Two Subs Will Graduate

There were tears in the eyes of seven of the New Castle High athletes last night as they slowly dressed after a refreshing shower in the Pitt pavilion—there were two reasons for the tears—first, the defeat by Ford City 32 to 31, the final game for Nocera, Kozela, Strausbaugh, Carey, Sotnyk, Marvin and Joe Ostrosky.

Five Leftovers.

When Head Coach Phil Brim-baugh calls for practice next winter he will have the following material on hand: "Specs" Campbell, Lindy Lauro, "Rags" Genock, Louie Bombyk and Wenda left from the first string reserves of this year. Others who will report but who did not see any varsity action this year are Greer, Theopolis, Sotnyk, Mac-Cardello, Cenane, Moteski, Gorder, Phillips, Kelley, Joe Johnston and Carey, the latter two are from the Washington high team and look very promising. Carey is a brother if Tom the star guard, who is leaving in June.

It was a hard blow on the boys who are leaving. They had set their heart and soul on winning the W. P. I. A. L. title their last year in school. They tried their best. They gave all they had. Ford City was a little too good for them. New Castle fans will long remember this year's team. They had a tough row to hoe with Ambridge and Allquippa to overcome, and then take over Dormont.

### Keystones Win At Boardman, O.

Local Semi-Pro Team Wins First Tourney Game 28 To 17 From Youngstowners

The Keystone A. C. of this city, one of the best semi-pro teams in the district went to Boardman, Ohio last night and came home with a tourney victory of 28 to 17 over the fast Thomas Brothers of Youngstown made up of former Youngstown College stars.

Tonight the Keys under Coach Andy "Coots" Venditto will return to Boardman to meet the ailing West Side A. C. of Youngstown made up of former Westminter College stars such as Demo, Grubb, Backus, Krivosh, Miller, Gilliland and others. The locals will be put to the severest test possible to win this second round game.

The Keys played without the services of "High-Pockets" Kelly last night, but hope to have him in the lineup tonight. The team is to report at the club rooms at 6 o'clock.

The locals began the scoring last night and were never headed. At the half it was 10 to 7. The Keys came back hot in the third period and again in the fourth chapter to score 18 points to 10 for the losers.

The line guarding of "Pop" Adams and Paul Morrison kept the Thomas from scoring very often. The crowd gave the Vendittomen a big hand for their victory.

HERE AND THERE IN SPORTS' LAND

"I want to be champ again for the kid's sake. No more clowning around. That stuff is out for good. It is strictly business from now on."

It was Max (Papi) Barr, ex-champion heavyweight boxer, told Jerry Brenfield while training for his fight with Tommy Farr, British heavyweight champion, at New York Friday. In other words the senior of the Barr boys, Max & Buddy, would like to retain the crown which once adorned his head and when his days are over leave that thought to his son as a legacy from the ring.

Max Barr was a tough, all-arounding slugger. He never could box and sometimes it appeared as though he had not trained too faithfully for some of his bouts. He was a good-time chap who imagined that a wonderful physique plus a clubbing attack would last forever.

He practically slaughtered Max Schmeling but bowed low while on one knee to Brown Bombing Joe Louis, something which did not set well with anyone because most ring worms believe Max could have made a better fight; had he cared to fight as good as he was qualified to.

Max drifted out of the active picture to box up again. He would now like to see the tables turned, now in a boxing ring, over Barr in London. Max claims the British champion employed his head as a battering ram which resulted in a bad and above an eye, and a cut above an eye, always Kennedy's joke.

In fact, Alvin Hoffman, manager of the Barrs, Max and Buddy, plans to impart this information to the New York ring solons, in the hope that they will warn Farr that one's head should not be used as a battering ram. Personally the writer doesn't know if Farr did or did not do this. That is Hoffman's story.

Regardless of what one may think of Max, as a possessor of other, wise advice, Jacobs would not have shoved him into the ring with Farr. If he shows anything of the aggressiveness he showed against Carrera and Schmeling, Farr will have a rough night. However, Barr won't have time to clown.

The question of Max's gameness will be a factor for the betters. They have not forgotten that he practically offered nothing against Joe Louis and reneged while resting on a knee. It may be that he unconsciously hypnotized himself after reading some tall stories about Louis' greatness and couldn't collect himself.

And while writing of Max, some of the boys now are beginning to question the ring courage of Buddy. They should not be too hard on Buddy. He is yet only an overgrown youngster, sadly lacking in ring polish and was outmaneuvered by an experienced Gannar Bandini.

There is no question but that Buddy tried, fought himself out and when he couldn't defend himself, figured it was "better to run away today to live to fight some other day." No doubt he will fight often again but according to good judges he has considerable to learn before greatness will be his.

The case of Max Barr recalls something he was supposed to have told Jimmie Dunn at Cleveland when he was on his upward trail. "Why don't you learn to box, you will be able to do much better," Barr said. "I'm doing all right."

Barr replied, according to the word we get.

That attitude marked his career until he met Louis. The jolting he got that night will forever live with him, but there are some of the boys who believe he will beat Tommy Farr when they meet in their 10-round Friday night.

Joe Louis is the heavyweight champion, John Henry Lewis is the light-heavyweight champion, and Henry Armstrong is the featherweight champion. A prospective lightweight champion and will fight Barney Ross, the welterweight in May. Louis, Lewis and Armstrong are colored boys.

Max Schmeling, flattened Louis and until Joe redeems himself, if that is possible, there always will be a claim that Max is the uncrowned champion. Lewis stands peer of the light-heavyweights with few losses in fight. Armstrong will fight anyone, almost at any weight, in any city.

And while writing of the colored trio, it might be added that they all carry themselves as sportsmen. No one has been able to point a finger of criticism toward the Brown Bomber. The same applies to Lewis and Armstrong. Their actions will go far to aid the cause of colored fighters.

Some of his friends are wondering if Jimmie Dunn was caught in the Los Angeles lured. They hope not. But if he was, it would only be another piece of Dunn luck. Jimmie has had tough breaks in recent years, the worst occurring when Louis kayoed Eddie Simms at Cleveland in 26 seconds.

Eddie had difficulty securing rights against white opponents and every now and then felt that his "mammy" had to be called for and he took on the huskiest of the colored boys, fought good fights with John

### Armstrong To Try For Third Title In Ring

Featherweight And Lightweight Champion Seeks Welterweight Crown

By PAT ROBINSON

NEW YORK, March 10—If successful in his next two major ring engagements, Henry Armstrong, the featherweight, boxer, will hold "the unique distinction of being simultaneously featherweight, lightweight and welterweight champion of the world.

This opportunity to hold three titles—an opportunity never accorded anyone else in the history of boxing—was his today after he had agreed to fight Barney Ross for the welter title May 26 and had promised to meet Lou Ambers for the lightweight crown within 30 days thereafter.

Held Three Titles.

Bob Fitzsimmons held three titles—middleweight, lightweight and welterweight—but he had them at different times. He won the middleweight crown in 1901, the lightweight title in 1907 and mounted the lightweight throne in 1909.

Many veteran followers of the fight game give the Little Destroyer from East St. Louis a royal chance to beat both Ross and Ambers. Ross probably will be a slight favorite over him but if Armstrong gets by Ross, he will be an overwhelming favorite to beat Ambers.

Ross has agreed to make 142 pounds, five pounds under the welter limit, for Armstrong but the no handicap for Barney because 142 is just about his best fighting weight.

Few people seem to be interested in the injunction suit in the parking meter argument which was started Wednesday before Judge W. Walter Brabham. There isn't any of the stuff that attracts people to a court room in an equity suit. It's just a legal suit that may entail thousands of dollars of the property rights of many people. But let a criminal case come into court where there is a chance to get shocked and folks neatly rear down the doors.

The painters are making short work of the offices of Register and Recorder Orville Potter. The floor and one coat of paint were on Wednesday, and by tonight the work will be nearly done. As in the case of the other offices it improves the appearance immeasurably and adds light to the office.

Those persons who were drawn for the criminal court jury to start Monday, March 13, stand a good chance of being exposed before they start. The docket of cases to be tried will be small, and it looks as though one week would be enough to try them. The cases are more or less minor, the grand jury finished with them before noon Wednesday and before the session opened next Monday morning, there will probably be a lot of plus.

Back of many pleas is a desire to shorten the sentence for the offense committed. It is usually argued in a plea for leniency, where a plea of guilty or nolo contendere is entered, that maximum as the prisoner saved the county the cost of trying the case this should be taken into consideration. Oftentimes it is.

**Sunday Special Day In Campaign**

Will Be "Missionary Society Day" In Diamond Jubilee Campaign

Sunday, March 13, will be "Missionary Society Day" in the Diamond Jubilee campaign being sponsored by the Lawrence County Sabbath School Association. This will be the third Sunday and the campaign lasts for eight Sundays to and including Easter Sunday, April 17.

The Missionary Societies of this city can help increase the Sunday school attendance next Sunday in three ways: First, they can be present themselves; second, they can see that all of the members of their respective families are present, and third, they can invite neighbors and acquaintances to be present.

It is also encouraging to receive reports that the church attendance, as well as the Sunday school attendance, is on the increase as this is one of the goals of the campaign. The other two goals are an increase in Evangelism and an increase in Bible study.
